

# PRESIDENT IS ON THE FENCE

Seeks to Leave Vexatious Canal Bill to Mercy of Courts

SENDS AN EQUIVOCAL MESSAGE TO CONGRESS

Pleads, in Effect, For Delay, That He May Study the Situation

WASHINGTON, Aug. 19.—Instead of vetoing the Panama Canal bill, President Taft today sent to Congress a message, in which he galvanizes the corpse of the British anti-toll contentions, and although he apparently stands for free tolls for American coastwise ships and shuts the door to the opposition, he opens it again by suggesting that all nations in interest shall have the right to have the question of that threshold out in the courts of the United States.

The immediate effect of the message is to precipitate on a dying Congress a variation of an old subject. He prepared the message after cabinet meetings yesterday and today, and after conferences today with Republicans and Democrats of the House and Senate.

Crisis Comes in House  
No sooner was the message received in the House than the situation began to illuminate itself. Mr. Adamson, Democrat, chairman of the House committee on interstate and foreign commerce, wanted the message to lie on the table, so that it could be taken up at any time, knowing in advance that he had no quorum of L. committee here.

Mr. Underwood, the Democratic floor leader, immediately circumventing Mr. Adamson, who is opposed to free tolls, moved that the message be referred to the Adamson committee. That was done by vote of the House. Mr. Adamson alone voting n.

Mr. Mann, the Republican floor leader, was with Mr. Underwood on the reference of the message to the Adamson committee. Mr. Mann on Saturday delivered some remarks which were all pro-American on the question of the canal.

The President's message will, if its opponents bring it about, sleep in the limbo of the Adamson committee, unless he should be able to get a quorum, and he is busying himself to that end tonight.

Trying to Beat Message  
The co-operation of the Republican floor leader and the Democratic floor leader to stave off immediate action seems to indicate that they will work together to beat the suggestions of the message.

No action was taken by the Senate, but that body may consider the matter any time it pleases; and even if the Adamson committee does not or can not act, the Senate can pass the resolution indicated by the President and send it along to the House for action.

Prominent senators who were asked for their opinions today said that the resolution or amendment as suggested by the President could not pass the Senate. They think the President's resolution is a declaration that would preclude any further action either in the United States or the Hague, and would commit the Senate to the Presidential view.

**GIRL HID FROM HIM; KILLED TWO THEN HIMSELF**  
Belleplaine, Kas., Aug. 20.—After attempting to kidnap Ethel Manahan, aged 22, shooting and killing her father, Matt Manahan, and James Thompson, aged 16, Samuel W. Wood, a farmer, shot and fatally wounded himself. He went to the Manahan farm and demanded to see the girl, who hid in a closet.

Wood killed Thompson when the latter refused to divulge the girl's hiding place. He shot the girl's father and then beat him with an iron bar. He spared the life of the girl's small brother on condition the boy help him to escape. Wood shot himself when surrounded by a farmer's posse in a cornfield.

In an effort to collect \$4,236,000 back taxes, the state of Arkansas has instituted suit against 130 old line insurance companies doing business in that state.

# Poor Bear Tax Burden; Wealthy Homes Escape

WASHINGTON, Aug. 20.—The special investigating committee reported in the House denouncing the system through which the poor pay the tax burden, while the millionaires escape. It is declared that over-assessing of small homes is discouraging laboring men from building.

The report alleges that the homes of August Belmont, Levi Letter, John R. McLean, ex-Senator Clark and others, are undervalued. It is particularly scathing in regard to the McLean property.

# SEVEN INDICTED IN ROSENTHAL CASE

"Leftie Louie" and "Gyp the Blood" Charged With First Degree Murder

SUPERSEDING BILL AGAINST LIEUT. BECKER

Accused Officer Claims Authorities Are Not Giving Him a Fair Chance

NEW YORK, Aug. 20.—Seven indictments charging first degree murder were issued today by the grand jury investigating the Rosenthal murder. A superseding indictment was issued against Lieut. Becker. The others indicted are: "Whitey" Lewis, "Lefty Louie" Rosenberg, Harry Harrowitz, alias "Gyp the Blood," Jacob Reich, and William Shapiro.

Lieutenant Becker, held for the murder of gambler Rosenthal, was today denied permission by Judge Mulqueen to see the notes of the grand jury indicting him. Becker claims he is being discriminated against.

Schepps was taken to jail after his testimony. He sent the district attorney a requisition for many jail comforts, including silk socks, silk bed covers and bedroom slippers.

## SCHEPPS TELLS GRAND JURY WHAT HE KNOWS

NEW YORK, Aug. 20.—Sam Schepps appeared before the grand jury today to tell what he knows about the murder of gambler Rosenthal. District Attorney Whitman announced that he expects another indictment against Police Lieutenant Becker in addition to the one charging responsibility for Rosenthal's death. Indictments are expected against the actual murderers.

## SENATE WILL INVESTIGATE SAWTELLE SOLDIERS' HOME

WASHINGTON, Aug. 20.—The Senate yesterday adopted a resolution by Senator Works providing for an investigation of the National Soldiers' Home at Santa Monica, Cal.

The resolution was the outcome of a published article, declaring that conditions at the home constituted a disgrace to the nation.

According to the article, the commissary allowance amounted to 11 cents a day for each old soldier. The veterans were forced to sleep on beds less than two inches thick, and the hospital was asserted to be a menace to public health.

The national board of managers was criticized severely for passing over these conditions year after year.

# CITY ATTORNEY AND M'PHEE CLASH

Trustee Expresses Opinion of Heathman and Heathman Don't Give a "Durn"

WANTS RESTAURANT CLOSED AT MIDNIGHT

The City Board Proposes to Handle Issuance of All Poolroom Licenses

About two weeks ago there was a petition before the City Trustees for a permit to form an athletic club. Trustee McPhee remarked facetiously that he thought the club would be a good thing, because then he and City Attorney Heathman could put on the gloves and settle their differences.

The club has not been formed, but last night McPhee and the city attorney, figuratively speaking, put on the gloves. McPhee told the city attorney he was half asleep half of the time. That brought a counter to left, and McPhee responded with a few uppercuts and a jolt to the solar plexus that brought out of the colonel an impenetrable defense. That defense was: "I don't care a darn what you think."

And there is where the round ended. There have been rumors of severe spats before now in which McPhee has criticized the city attorney. One of these spats came on the morning that Attorney Clyde Bishop was employed to look after the prosecution of W. O. Hill for selling liquor. Heathman had advised the city officials that they could not legally use a search warrant. Bishop said the search warrant was legal, and it was used.

Last night a red-hot set-to was started by a request of McPhee for information on the question as to whether or not the city can compel a restaurant to close its doors at 12 o'clock midnight.

Heathman replied that the city had no such authority, that all businesses are divided into two classes, useful and non-useful, and the city has no control over useful businesses as to the hours they shall keep.

McPhee: I refer to the Palace restaurant on East Fourth street. We had one of the proprietors up here about a year ago to show cause why his license should not be revoked. After that the place was quiet for a time.

In connection with the restaurant a joy-wagon is run. It takes loads to and brings loads back from Anaheim and Newport Beach and other places, and is a source of annoyance to this city. I am not a prohibitionist but it does not look right to me that anyone because he pays a paltry \$3 a quarter license for a restaurant should be allowed to maintain a place like that.

Saturday night this automobile came from up North Main street. The driver today paid a fine for speeding. He and one of the proprietors of the place are charged with disturbing the peace because of things said to a city officer. Now even if this business is classed as a useful business, I do not see that the multitude must be sacrificed for the benefit of the few.

"The driver of that automobile told the motorcycle officer that if he could he would run over him and kill him even if he had to go to the pen for it. If that man was drunk and said that, he ought to be sent to jail; if sober, to the insane asylum. A man like that driving an automobile is a menace to public safety. We ought to close the place at midnight and stop this kind of thing."

Heathman: "All I can say is that I have given you the law. If he is running a disorderly place you can arrest him."

Grubb: "It seems to me that the city attorney ought to be able to figure some way where we can settle this matter legally."

Heathman: "You can't close that place at midnight."

McPhee: "Yes, and you told us that a search warrant on Billy Hill's place would be no good, but we went ahead and got one and used it. You told us we couldn't take the Jap's license away from him, but we went ahead and did so."

Heathman: "That search warrant was not worth the paper it was written on. You will get your own into trouble if you keep on at that kind of business. I started the proceedings myself in the Jap's case."

McPhee: "Who in the world would we look to to start proceedings except the city attorney? The street sweepers? You are half asleep half of the time."

TAFT: "CHARLES, DO YOU SUPPOSE WE ARE USING THE WRONG KIND OF BAIT?"

The American gunboat Denver is expected at Mazatlan today, and marines may be sent to the assistance of the miners.

# ANAHEIM WOMAN BURNED TO DEATH IN GASOLINE EXPLOSION

Mrs. Minnie Bentz, a well known resident of Anaheim, was burned to death at her home there yesterday as the result of an explosion of gasoline fumes.

Mrs. Bentz had been cleaning a bedstead with gasoline, and the fumes had filled the house. Following this work she started to do some fumigating with sulphur, and when a fire was lighted in one of the rooms a violent explosion, which was so strong as to blow out one of the

chimneys, occurred.

Mrs. Bentz's clothing caught fire, and before assistance could reach her had been burned entirely off. She was badly burned over all parts of the body, and death was practically instantaneous. Coroner Winbiger viewed the remains and rendered a verdict of accidental death.

Mrs. Bentz was 59 years of age, and was a widow with one son. Her mother and other relatives live in the East, and the body is being held until they can be heard from.

# ROAD REPORT ADOPTED TODAY

Election to be Called on Recommendation of \$1,270,000 Bond Issue

## BEACH CONNECTIONS FROM GENERAL FUND

Committee of the Associated Endorses Report as it Now Stands

The Board of Supervisors this morning by unanimous vote accepted the report of the County Highway Commission. That means that the people of the county will be asked to vote \$1,270,000 bonds for the purpose of building the 107 miles of road recommended by the commission.

The adoption of the report was preceded by a discussion in which Supervisors Talbert and Leck made talks favoring the building of roads connecting the beach towns, the cost to be met from the general fund of the county.

The matter came up when County Clerk Williams read the report, which has been published in full by the Register.

A committee from the Associated Chambers of Commerce was present. That body some time ago asked that the bonds and plans provide for building the main road through the county. The commission, however, left that work to the State Highway Commission.

Gustave Stern of Fullerton endorsed the report. L. H. Wallace of Newport Beach stated that the beach towns would vote for the bonds as proposed. Personally, he said he would like to see the supervisors take action toward building roads connecting the beach towns. In the plan submitted by the commission the beaches get the ends of roads. Wallace proposed a ten cent levy each year until the roads are finished.

Armitage of Sunset Beach emphasized Wallace's suggestion. W. A. Zimmerman and G. W. Minter of Santa Ana endorsed the plan. Supervisor Talbert of Huntington Beach said the supervisors had already passed a resolution endorsing the plan, but he wanted to go on record again in favor of the plan. Supervisor Leck said he thought that money should be taken from the general fund to start that work at once. He strongly urged the building of the connecting roads.

"As to putting on an extra tax," said Talbert, "I must say that this board has had some talk with County Assessor Sleeper about the tax rate. Sleeper thinks it ought to be reduced."

"I have raised the assessment of this county over \$8,000,000," said Sleeper, "and I think the tax payers ought to get some benefit from the raise. Some of the board wants to keep the rate at \$1.50 a year. With \$55,000 left over from last year and the added assessment, that would give the board \$17,000 more money than last year. I have to stand between the board and the people. The people have a right to expect a lower tax rate. If you add money for these roads—I think you ought to consider that you will be asking the people to vote these good roads bonds in the face of a big raise in assessment that did not get any lowered tax rate."

Talbert said that the increased expenses of the county account for the difference. That is, the raise in assessment only takes care for the increase of expenses.

Supervisor Struck said he did not like to see the tax rate lowered this year because he wanted to get the current fund out of debt and keep it out. He said the \$56,000 would nearly all be spent before new money is coming in.

W. A. Zimmerman complimented Sleeper on the good work he has done as assessor, but said he thought that as a rule people are not kicking on their county taxes. They want better roads, though.

Supervisor Smith moved that the County Highway Commission report be adopted, and it was adopted by unanimous vote.

Both were taken to a hospital. Bryant of Pittsburgh and Phelps of Brooklyn umpired the game.

## MOCK TRIALS FURNISH FUN

Offenders Taken Into Court  
But None of Them Was  
Found Guilty

HUNTINGTON BEACH, Aug. 20.—Yesterday morning was devoted to the mock trials of the offenders against the law at the mock court at which a number of them were tried for various alleged offenses against camp discipline. Capt. John Davis of Whittier acted as judge, but none of the offenders could be proven guilty. A number of the ladies were haled before the court because of the affair of last Friday when, with nearly all the veterans at Sawtelle, to visit the Soldiers' Home, the female contingent overpowered the officer of the day, robbed him of his insignia of office and locked him up for several hours, in the meantime holding a petticoat under the stars and stripes and otherwise behaving as insurgents. After the taking of all the evidence, the prosecuting attorney declined to press the case against the women and the case was continued until next year's encampment.

This afternoon occurred the annual prize dance, in which a number of old ladies and old soldiers took part, the winners being rewarded with prizes. They were: First prize, men's, C. P. Buckner, aged 71, Pasadena; first prize, women's, Mrs. H. K. Hoff, aged 67, Santa Ana; booby prizes, Mrs. J. Bedell, aged 63, of Los Angeles, and W. C. Ong, aged 69, Sawtelle.

At night an excellent entertainment was given by Bartlett-Logan post, of Los Angeles. The great bean dinner occurred today, and all day the camp was under petticoat rule, the ladies of the auxiliary societies having full charge of all matters.

## Schepps Says Becker Gave Him Money for Rosenthal's Slayers

Informer Makes Confession  
to District Attorney; Held  
For Vagrancy

NEW YORK, Aug. 20.—Sam Schepps confessed to District Attorney Whitman on the way from Albany to this city that he and Rose paid the slayers of Herman Rosenthal with Lieutenant Becker's money, and that he had been the messenger between Becker and Rose while Rose was in hiding.

As soon as the train bearing Mr. Whitman and Schepps got here detectives, acting under orders from Commissioner Waldo and Second Deputy Commissioner Dougherty, who had orders to deliver Schepps at headquarters, made two attempts to take the informer away from the district attorney. Mr. Whitman warned the detectives that if they laid a finger on Schepps they would be arrested for oppression.

They backed down and reported to Commissioner Waldo, who rescinded the order. But by that time the informer had been rushed by Whitman's men to the West Side court, arraigned for vagrancy, and held for one week—long enough for the district attorney's purpose to work out.

The district attorney charges that the police wanted to intimidate Schepps before permitting him to talk about the shooting of Rosenthal or the blackmailing operations of police.

Selig, the gangster, frequently mentioned in the preliminaries to the slaying of Herman Rosenthal, was arrested in Providence, R. I., yesterday.

### THE ALABAMA MINSTRELS

Showed Last Night to a Large, Well-Pleased Audience

Those who failed to see the Alabama Minstrels last night missed a very rare treat in the minstrel line, and one that will not be forgotten by those who were so fortunate as to witness the performance. Manager Erickson is giving the people a show that is not only amusing but was thoroughly clean in every respect. In fact, there was not one present who could find anything that would offend the most fastidious tastes of the city.

The show is full of fun, good jokes and late songs, all well gotten up and well rendered. The fire eating act is exceptionally good. The company, consisting of forty people, travel in their own private cars. Should Mr. Erickson ever return to our city he is assured a full house as he has made many friends for his show by honest dealing and giving the people their money's worth in first-class entertainment.—Colorado Springs News.

## TAKE STEPS TO PROBE INFANTILE PARALYSIS

Los Angeles Authorities Think  
City Has Been Victim of  
Useless Scare

LOS ANGELES, Aug. 20.—Brought to a realization that Los Angeles has been made the victim of the infantile paralysis hysteria by the medical practitioners of the city, the city council has instituted steps to put an end to the senseless "scare" into which the city, its suburbs and the entire county have been thrown, and to determine by comprehensive and thorough investigation what necessity, if any, exists for the retention of a quarantine system which has cost the merchants of this city hundreds of thousands of dollars.

# Beautiful Huntington Beach

A Justly Popular Beach Resort---A Charming Spot for a summer or winter home---A thriving agricultural center

**HUNTINGTON BEACH** is a combination of almost everything desirable for the home-seeker, sojourner, investor and those on pleasure bent. Its climate is perfect at all seasons of the year; its social and moral conditions are unexcelled; its beauty of location, with superb mountain and marine views, is the delight of all who behold. Besides being a popular beach resort, with fine surf bathing and fishing, modern pleasure pavilion, pier and bathhouse, a superb beach and slightly ocean front bluffs, Huntington Beach is a commercial and industrial center. It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have a 45 minute car service to Los Angeles the year round with three flyers daily to Zafra, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrubbery.

Huntington Beach homes are surrounded by beautiful lawns and gardens, the rich character of the soil and the abundant supply of pure water making it easy to grow anything.

For Sale—40 acres good rich sandy-sediment loam, all under cultivation. Four room California house, 7-inch artesian well, 8 h. p. pumping plant and plenty of shade trees. Price \$250 per acre. Half cash, balance easy at 7 per cent.

## RABBITS' BLOOD SAVES BOY'S LIFE

LOS ANGELES, Aug. 20.—Emerson Marr, 6-year-old son of V. Marr, manager of the Western Union Telegraph Company at Monrovia, is growing stronger as the result of a transfusion into his arteries the blood of two rabbits. Physicians say that the boy's life was saved as the result of the unusual operation.

The boy suffered almost constantly from hemorrhages of the nose and was becoming so weak that death was believed to be near. Dr. L. V. Remington and Dr. Hostetter resorted to the transfusion. The effects were almost instantaneous. The hemorrhages stopped and the patient started to gain strength.

## LAW IS DOING A GOOD WORK

Inspector Has Visited a Number of Communities in the County Recently

Deputy Sheriff Law, who is employed at present as an inspector under the supervision of County Physician John Wehrly, has visited scores of homes in the last week. He has an assistant who is aiding in the clean-up of insanitary places over the county. Premises occupied by Mexicans are being given special attention. So far Law has visited Delhi, Tustin, El Modena, near Anaheim, Olive, Yorba and Laguna Beach. He returned yesterday from Laguna Beach. He stated that some of the owners of beach property have neglected the care of their toilets, and he found it necessary to require strict attention to their maintenance in a sanitary manner.

Some of the Mexican homes have been found in bad condition. Disinfectants have been used in toilets, and in many instances toilets have been moved on Law's advice.

"I find everybody willing to comply with the requirements," said Law. "In many instances the conditions arise from ignorance, and in many other instances from pure carelessness. Oftentimes all I have to do is to point out the needed changes, and the owners promptly promise to better conditions. Among the Spanish families at Yorba I found conditions better than elsewhere, probably for the reason that there the houses are farther apart than in most places."

Law will continue his work until the entire county is inspected. He has no jurisdiction inside incorporated cities.

## PLANS SCHOOL FOR WOMEN WHO LABOR

Los Angeles Will Endeavor to Improve Condition of the Employees in Stores

LOS ANGELES, Aug. 20.—Los Angeles, with its progressive public educational system, has night schools for old men, swimming classes for girls, cooking courses for boys, and now comes arrangement for a school for women and girls employed in downtown stores. Superintendent Francis yesterday outlined his plans for an educational department which will be the first of its kind undertaken in connection with public school work.

Although the details have not been worked out, the general plan is to have the classes in the afternoon, twice a week. The co-operation of the managements of the large stores will be necessary, but Superintendent Francis believes the employers will gladly give the women and girls opportunity to attend.

"The school really would be a benefit for the employers," said Superintendent Francis, "for the more the employees are educated the more intelligently they may do their work. And especially when English would be one of the principal studies taught by the

"We also would strive to teach them to do their work better by showing them how to meet and handle persons. The most capable teachers would be employed for this work."

"In addition to these features, there would be a course on colors and fabrics which would be of invaluable aid to store workers handling dry goods. The purpose would be to aid them by instruction, so as to make their work more valuable to themselves and employers."

"Such training would lighten the burden of the work and bring about a new satisfaction to both the saleswomen and the customer."

"We also would have physical training, essential to those whose positions require inside hours."

It is expected the plans for the "store" school will be presented to the Board of Education soon. No opposition is expected from that body, which has widened the scope of the school work in so many ways.

## NO CHANGE TO BE PROPOSED

Present Fire Department Plan  
Not to be Interfered With by  
New Charter

The board of freeholders last night concluded that the city fire department as now conducted is good and sufficient for the needs of Santa Ana, and accordingly it was voted not to offer any change in the department provisions. That is, the charter to be submitted to the people will provide for the organization of the fire department as now organized. The firemen will continue to elect their own chief and other officers.

This action was taken on the recommendation of Ransom Reid, Chief Young and Assistant Chief Peters.

The freeholders who spoke upon the subject stated that the principal end to be aimed at is efficiency, and the Santa Ana fire department as now organized has proven itself very efficient. Santa Ana has a reputation for very few fires and none of great consequence.

## SETS FORTH CLAIMS FOR ROAD TO PARK

In regard to the petition asking for a paved road to the County Park from Orange, the Orange News says:

The supervisors will be asked when they call an election to bond the county for good roads, to make provision for the improvement of the El Modena road to the County Park.

In the recently submitted recommendations of the county highway commission, no improvement of this much traveled road is contemplated, and the omission has aroused a good deal of concern, because it is felt that this is really one of the important roads of the county.

El Modena is one of the thickly settled and highly assessed sections of the county and seemingly would be entitled to consideration in the road improvement even though it were not on the road to the County Park. But the park itself is an object of such general public interest that the El Modena road is doubly reinforced in its claims to consideration.

At all times of the year, and particularly on Sundays of the summer months, the park is the Mecca of great numbers of people because there is no more delightful spot than there and in the neighboring canyon for picnics. Thus it becomes a matter of general public interest throughout the county that this road be improved.

Petitions are being prepared for circulation here and in Santa Ana and in other parts of the county. Signs will be secured asking the board to increase the size of the bond issue sufficiently to cover this improvement. These petitions will be found in Orange at the Watson and Dittmer drug stores, and they will also be personally circulated.

The road that it would be necessary to build to connect the county park with the Orange-Tustin road designated by the county highway commission would be 4.1 miles long as that is the distance from the point east of McPherson where the Tustin road would turn south.

## INDIAN KILLED ON TRACK

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it's that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Gripp," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." ## MAY SAVE THOUSANDS TO FRUIT GROWERS

POMONA, Aug. 20.—An invention by Charles W. Jackson and Fred Strange of Cucamonga is claimed by expert fruit men to contain unusual merits for the preservation of packed fruit, especially lemons. Many tons of lemons are lost to local fruit growers every season, due to the influence of "cotton rot" and "brown rot."

With the device perfected by the local men the rot is prevented from spreading. The ingenious article is simple, being made of cardboard creased for folding. It is then treated with chemicals, which add to the preserving influence. Packed in the cartons the fruit is given an even temperature and light and air are excluded.

Another virtue of the invention is its ability to keep the fruit from shrinking. Fruit packed in November may be repacked in July with no perceptible decrease in size. While the first cost of packing is larger than with present methods the cartons may be washed and used over and over again, thus lowering future cost.

Following a series of thorough experiments, experts pronounce it a success and a great boon to the citrus men.

## IT IS SAN JACINTO'S TURN NOW

You have seen valleys, and heard of valleys, but unless you have seen our beautiful San Jacinto Valley you can have but little conception what a real valley is like. It is more than a "level strip of land between hills," it is eighteen thousand acres level as a floor, surrounded by beautiful mountains, and every acre under cultivation, beautiful ranches and orchards of every kind, fine alfalfa farms, great potato fields, in fact most everything that will grow in any country can be grown here to better advantage.

All we want now is a few more good, neighborly settlers to join us in an expansion that we are proud to know that the highest priced acre offered in the valley at this time would still be a bargain at twice the price asked. Hereafter we have had population enough, because of the scarcity of water, but conditions have changed since the great water discovery made recently. We now have more water than we have land, and not quite as many settlers as either, so come right along and bring your friends. You can't beat it for climate, water, fertility, beauty, or a place to accumulate a snug little fortune quick.

We have people with us who have traveled all over the world, and lived in this State for years, and are in a position to judge of the true condition as compared with other localities—they are here to stay. Now is the time to get in right. All we ask is a look. Every one should see the best there is to be had in any line before they decide. It aids the judgment in making comparison, we know if you will become interested enough to make comparison that the jig is up. When this is done, it only remains for us to co-operate with you and you with us in making San Jacinto Valley the most desirable home place on earth. Come over and see us, it won't cost you a cent after you get here, as we have a committee appointed with machines to show everybody around, absolutely free. These machines are at your service every day in the week.

Look for another notice in this paper tomorrow. Send postal for photographs and further particulars. Santa Jacinto Board of Trade, San Jacinto, Cal.

## LA FOLLETTE

Senator La Follette yesterday tried out in the United States senate his speech for the coming campaign. The general purport of it is that even a Progressive party, on a Progressive platform, can not be progressive if Theodore Roosevelt is the candidate. A little while ago the plain was that the platform was the whole thing—that measures count; not men. But now that the Progressive party has put out a platform which even he can not criticize, Senator La Follette switches the issue back to men. And because he is angry at the Progressive candidate, he is supporting the avowedly conservative candidate of a stand-pat party, on a stand-pat platform, and is talking of the hope of making the Republican party progressive, now that practically all its progressive members have left it.

La Follette has become a pitiful figure. From the pioneer leader of a political revolution, he has become the mere exponent of a personal pique. He thinks he was not treated fairly. Grant him right to think that. He thinks this personal unfairness to him is the most important fact in contemporary politics. Grant him right personally to think that. Why should any one else think so? The great army of Progressive voters in the United States have reached one conclusion, formed one organization, and chosen one candidate. Let La Follette think they have chosen wrong. Let him think so. But this is a government of the people, not of La Follette. The voice of the Progressive movement is the collective voice of its members; not merely the voice of one disappointed leader whom they have refused to follow. And that union of Progressive forces is a stupendous fact which one man's personal soreness can not effect. In fact, the only person affected is La Follette. He has ruined himself. And it is truly a grief to see a man who has stood sponsor for so great things show, under personal pique, so petty a spirit. La Follette is once more "alone in the senate." In fact, he is alone in America; a leader without followers. From the cry of a crusader his voice has become a querulous personal plaint. It is pitiful!—Fresno Republican.

## LEGAL NOTICES

## ORDINANCE NO. 543

An Ordinance granting Pacific Telephone and Telegraph Company, its successors or assigns, a franchise to place, erect and maintain poles, wires and other appliances and conduits, and to lay underground cables for wires for the transmission of electricity for telephone and telegraph purposes, in, upon and under the streets, alleys, avenues, thoroughfares and public highways in the City of Santa Ana, County of Orange, State of California, and to exercise its privileges of operating telephone and telegraph business within said City of Santa Ana.

The Board of Trustees of the City of Santa Ana, do ordain as follows: Section 1. That there is hereby granted to Pacific Telephone and Telegraph Company a franchise for the right and privilege to do a telephone and telegraph business within said City of Santa Ana for the term of twenty (20) years from the date of this Ordinance by the Board of Trustees of said City granting said franchise and to place, erect, lay, maintain and operate in and under the streets, alleys, avenues, thoroughfares and public highways within the City of Santa Ana, County of Orange, State of California, poles, wires, and other appliances and conduits for the transmission of electricity for telephone and telegraph purposes; such wires and other appliances and conduits may be strung on poles and other fixtures above ground, or may be laid under ground in pipes or conduits, or otherwise protected, and such other apparatus may be used as may be necessary or proper to operate and maintain the same, subject to the approval of the Board of Trustees of the City of Santa Ana. Said Pacific Telephone and Telegraph Company being the highest bidder for said franchise on the 22nd day of July, 1912, after the publication of the notice of sale of said franchise and other legal acts as required by law.

Section 2. That the terms and conditions upon which said franchise is granted are as follows: That it shall be lawful

for grantee, its successors or assigns to make all needful excavations in any such streets, alleys, avenues, thoroughfares and public highways in said City of Santa Ana, for the purpose of placing, erecting, laying and maintaining telephone and telegraph poles, wires and other appliances and conduits for said wires, or repairing, renewing or replacing the same. Said work shall be done in compliance with the rules, regulations, ordinances or orders which may during the continuance of this franchise be adopted from time to time by the Board of Trustees of the City of Santa Ana.

That the poles to be erected and maintained under said franchise shall be of a size and character satisfactory to the Board of Trustees of the City of Santa Ana, and shall be erected and located in conformity with the instructions from said Board of Trustees.

That all telephone lines constructed or operated under this franchise shall have full metallic circuit.

That when grantee, its successors or assigns shall erect new poles they shall be placed on the street in front of division property lines or lot lines.

That whenever grantee, its successors or assigns shall disturb any of the streets, alleys, avenues, thoroughfares or public highways for the purposes aforesaid, it or they shall restore the same to their original condition without unnecessary delay, and failing so to do the Board of Trustees shall have the right to fix the width of such streets, alleys, avenues, thoroughfares and public highways shall be completed, and upon failure of such repairs being made by the said grantee, its successors or assigns, the Board of Trustees shall cause such repairs to be made at the expense of said grantee, its successors or assigns.

Section 3. Nothing in this franchise shall be construed in any way to prevent the proper authorities of said City of Santa Ana from severing, grading, planing, rocking, paving, oiling, graveling, or in any other manner, repairing, altering, or improving any of the streets, alleys, avenues, thoroughfares and public highways, or places within said City of Santa Ana, in or upon which the poles, wires, conduits, or other conduits of said grantee, its successors or assigns shall be placed; but all such work or improvement shall be done if practicable, so as not to obstruct or prevent the free use of said poles, wires, conduits, or other apparatus.

Section 4. That the Board of Trustees of the City of Santa Ana reserve the right to require said grantee, its successors or assigns to remove said poles, wires, and other conduits from any portion of the City, and to place said wires in a conduit or conduits when the public interest shall require it, the same to be done within twelve months from the date of the passage of an Ordinance by the said Board of Trustees of the City of Santa Ana requiring the same to be done.

That whenever the public or private convenience of necessity shall require the same, the Board of Trustees of said City shall have the right to relocate or cause to be relocated, without destroying the utility thereof, any of the poles or wires, or the successors or assigns, at the expense of said grantee, its successors or assigns, unless said grantee, its successors or assigns, shall remove said poles within sixty days after the receipt of a written notice from the Board of Trustees to make such relocation.

That whenever permission has been granted by the City Clerk of the City of Santa Ana for the removal of any building or buildings through the streets, alleys, avenues, thoroughfares and public highways in the City of Santa Ana, which said buildings are too high to be removed by the said grantee, its successors or assigns, which wires may be less than 30 feet above the surface of such street, then upon reasonable notice of not less than two days to the local manager of said grantee, its successors or assigns, shall raise or remove said wires, the expense to be borne two-thirds by the grantee and one-third by the person to whom the permit has been granted, at the time specified in said notice for such removal, and to allow said building to be removed.

Section 5. That in consideration of the rights and privileges granted in said franchise, the City of Santa Ana shall have and the said grantee, its successors or assigns, grants to the City of Santa Ana the right and privilege to suspend and maintain on poles, placed by said grantee, its successors or assigns, in, upon and under the streets, alleys, avenues, thoroughfares and public highways aforesaid, or if said wires are placed under ground to place and maintain on said poles, wires, and other appliances and conduits, and to exercise its privileges of operating telephone and telegraph business within said City of Santa Ana during the term of said franchise.

That the grantee of this franchise, its successors or assigns shall not sell or transfer this franchise or the poles, wires, conduits, or other conduits of said grantee, its successors or assigns, without the consent of the Board of Trustees of said City for the purpose of granting to said grantee, its successors or assigns, the consent of said City to the transfer of said franchise, poles, wires, conduits or other conduits of said grantee, its successors or assigns. The City of Santa Ana, reserves the right, by ordinance duly passed and adopted by the Board of Trustees of said City, to order and compel telephone service within specified distance of established lines already in use by grantee, its successors or assigns, and said Ordinance may prescribe a distance of not less than length of time for grantee, its successors or assigns to give telephone service within said prescribed distance to any person or corporation demanding such telephone service.

Section 6. That it is further agreed that the grantee, its successors or assigns shall during the life of this franchise pay to the City of Santa Ana, in lawful money of the United States two (2) per cent of the gross receipts arising from the use, operation or possession of this franchise for each and every year during the twenty years of the existence of said franchise.

The amount of the gross receipts of grantee or its assigns to whom this franchise is granted shall be as follows:

chise is granted arising from its use, operation or possession, shall be deemed and understood to be the total gross earnings collected or received, or in any manner being or derived by the grantee of this franchise, or its successors or assigns, from telephone and telegraph charges or rentals, or telephone or telegraph business, or from the leasing or letting of lines, poles or conduits, or any other business done by said grantee in connection with the long distance business which is credited to the exchange in said City. The payment of said percentage of gross receipts by the grantee, its successors or assigns, shall begin at the date of the passage of the Ordinance granting said franchise, and be payable one year after the date of the passage and publication of the Ordinance of said City granting said franchise, and thereafter during the life of said franchise, as stated in the statement verified by the oath of the proper officials of said grantee, its successors or assigns, showing the gross receipts and gross earnings collected or received, or in any manner being or derived by said grantee, its successors or assigns, during the preceding twelve months from telephone and telegraph charges and rentals, and from the leasing or renting of lines, poles or conduits, or any other business done by said grantee, its successors or assigns, in connection with the business covered by this franchise, in the City of Santa Ana, including gross receipts from telephone and telegraph charges, incomes, or collected for telephone and lines situated outside of the City of Santa Ana, but situated within the Santa Ana exchange district showing the proportion of such charges or incomes, or collected for long distance business done within said exchange district, in the proportion of change in said City; and within fifteen (15) days after the time for filing of the aforesaid statement, the duty of said grantee, its successors or assigns, to pay to the Treasurer of the City of Santa Ana, the amount of said percentage upon the amount of the gross annual receipts arising from the use, operation and possession of said franchise, and which may be determined by the said grantee or computed in the manner provided, and upon neglect, omission, or refusal by said grantee, or its successors or assigns, to file said statement, or to pay said percentage, and all rights thereunder granted by said City, shall thereupon terminate, and the right of the City to enforce the collection of such percentage shall remain, and the same may be enforced according to law.

Section 7. That this franchise shall not in any manner be considered an exclusive franchise.

Section 8. That any neglect, failure or refusal to comply with any of the conditions of this franchise, shall thereupon immediately, ipso facto effect a forfeiture thereof to the said Board of Trustees of said City of Santa Ana, and said Board may thereupon declare said franchise forfeited, and may exclude said grantee, its successors or assigns, from the use of the streets, alleys, avenues, thoroughfares and public highways of said City of Santa Ana, under said franchise; and the said grantee, its successors or assigns, shall thereupon immediately surrender all right in and to the same, and the said franchise shall be deemed null and void, and of no effect.

Section 9. That the right, privileges and franchise hereby granted shall continue and be in force for a period of twenty (20) years from and after the passage and publication of this Ordinance granting to grantee this franchise.

Section 10. That said grantee or assigns are hereby required to file a written statement of the gross receipts and receipts hereof with the City Clerk within thirty days after the passage of this Ordinance.

Section 11. The City Clerk shall cause this Ordinance to be published once in the Santa Ana Daily Evening Register, a newspaper published and generally circulated in said City, and thirty days thereafter it shall take effect and be in force.

The above Ordinance passed and adopted this 19th day of August, 1912, by the following vote, to-wit:

Ayes, Justices, A. German, McPhee, Greenleaf, Grubb and Ey.  
Noes, Trustees, None.

President of the Board of Trustees of the City of Santa Ana, California.

Approved this 19th day of August, 1912.

President of the Board of Trustees of the City of Santa Ana, California.

I hereby certify that the foregoing Ordinance was passed and adopted by the Board of Trustees of the City of Santa Ana, and signed and approved by its President at its regular meeting on the 19th day of August, 1912.

(Seal)  
City Clerk and ex-officio Clerk of the Board of Trustees of the City of Santa Ana, California.

ORDINANCE No. 59

The Board of Supervisors of the County of Orange do ordain as follows:

Section 1. Whereas, There was a special election held throughout the County of Orange, State of California, on the 20th day of July, 1912, for the purpose of voting bonds for the purpose of constructing, building and furnishing a County Hospital and Almshouses and providing a term in connection therewith for the purpose of caring for the indigent sick and dependent poor of said County, for the sum of \$100,000.

Dollars, to-wit: Sixty bonds of the denomination of One Thousand Dollars each, payable within twenty-one years, to-wit: One-twentieth part of said bonds payable on July 1, 1913, and one-twentieth part thereof payable on July first of each succeeding year thereafter until all of said bonds are paid, principal and interest payable in gold coin of the United States, at the office of the Treasurer of Orange County, and said bonds to draw interest at the rate of 5 per cent per annum, payable semi-annually; and,

Also for the purpose of building and constructing bridges within and for the County of Orange, for the sum of One Hundred Thousand Dollars each, payable within twenty-one years, to-wit: One-twentieth part of said bonds to be payable on the first day of July, 1913, and one-twentieth part of said bonds payable on the first day of each succeeding year thereafter until all of said bonds are paid, principal and interest payable in gold coin of the United States, at the office of the Treasurer of said County, and said bonds to draw interest at the rate of 5 per cent per annum, payable semi-annually; and,

Whereas, After a canvass of the returns of said election, as provided by law, the Board of Supervisors did duly declare said bonds for each of said purposes to have duly carried, and it being necessary to carry out the purposes of said election, the Board of Supervisors did duly declare said bonds for each of said purposes to conform to the provisions of the Constitution of the State of California, and to the laws of the State of California in such cases made and provided, that provision be made for the collection of sufficient interest to pay the principal of said bonds and such portion of the principal thereof as will become due from time to time on the first day of each year, upon the resolution, proclamation and notice calling for said election; and none of said bonds having been sold or delivered, and said Board of Supervisors being about to cause the same to be issued and sold;

Section 2. It is now by the said Board, and the said Board of Supervisors of the County of Orange, do ordain as follows:

That before the incurring of any indebtedness by said County for the purpose of carrying out the purposes of said election, the said Board of Supervisors of the County of Orange, at the time of making the next general levy of said County, shall levy and collect the interest on the indebtedness evidenced by said bonds, as the same falls due, and shall also, at the time of making the next general ## MERRY HOUSEPARTY

Jolly Party of Young People Being Entertained at the Seashore

Mr. and Mrs. H. O. Hunton have a merry party of young people at their cottage at Newport Beach this week. Several of the guests went down later in the week. Boating, bathing, and other pleasures of the beach will be enjoyed, aside from the amusements especially planned by the Huntons.

The young people going down today were Misses Jewel Hilton, Ollie Hunton, Lorena Cox and Lidia Schillings. Lenwood Hunton accompanied the party and will be joined by his friend, Arthur Cox, on Thursday, while others are invited for the week-end.

### Band Concert

At Birch Park Wednesday evening, August 21st, at 8 o'clock, under the direction of W. Frank Harris, the following program will be given:

**Missionary Society Will Meet**  
The Woman's Missionary Society of the First Baptist church will meet Wednesday afternoon at the home of Mrs. Catland, 419 Wellington avenue, at 2:30 o'clock. All ladies of the church and congregation are cordially invited. "Mormonism" is the subject to be studied.

**Return From Canadian Trip**  
Mr. and Mrs. C. W. McNaught and little daughter returned home today from Vancouver. The McNaughts have been away from Santa Ana six weeks. The trip was a delightful one and their anticipations fully realized. Mr. McNaught says even the steamship company made nothing of them, for they have all been in perfect health during all of the trip.

## PRETTY WEDDING

Miss Waters Becomes Bride of Abner Crane at Sister's Home

A very pretty wedding was that of Miss Lydia Ethel Waters and Abner Crane, which took place at the home of the bride's sister, Mrs. J. T. Wilson, 329 East Pine street, at 10 o'clock this morning in the presence of about twenty relatives.

Simplicity marked the decorations which were most attractive. A bower was formed of asparagus plumosus, fern and clusters of pink amaryllis in the alcove near a window in the living room, and it was here the ceremony was performed. The bride couple stood beneath the trellis, unattended, when Rev. H. E. Murkett of the First Methodist church pronounced the words which made them man and wife. The bride, who is a winsome brunette, wore a handsome blue tailored suit with hat to match.

She is the daughter of Mr. and Mrs. G. L. Waters of Westminster, and has many friends in that city, where she went to school and also in Santa Ana. Immediately after the ceremony they left in Mr. Crane's automobile for a honeymoon trip, which they plan to spend touring Southern California. After September 1 they will be at home at Smeltzer, where the groom is extensively interested in beet lands. Their many friends will wish Mr. and Mrs. Crane much happiness in their journey through life.

## Personals

Mr. and Mrs. F. E. Keizer motored to Los Angeles Monday in their car and spent the day in the neighborhood.

Miss L. Townsend, cashier for the Southern Counties Gas Company, returns to her duties after a pleasant vacation spent at Laguna Beach and visiting with friends in the valley.

Mr. and Mrs. G. C. Kroll returned Monday evening from Newport Beach where they spent their summer vacation.

Mrs. J. P. Baumgartner and her niece, Miss Estella Doak, were Los Angeles visitors for the day.

Tim Grace, who was painfully injured in Los Angeles last week by having his foot crushed by an automobile, is with his sister, Mrs. G. L. Goddard, at her home on East Walnut street. An X-ray examination showed that there were no bones broken but the young man probably will be confined to the house for a month while the ligaments are healing.

Mrs. Frank Calkins went to Long Beach this morning to spend a week with her sister.

Mr. and Mrs. P. B. Glover and their mother, Mrs. Dobson, went to Huntington Beach this morning. They enjoyed the beach dinner and other features of the day.

Mrs. H. W. Millings and family have returned to Orange to live. They will reside at 374 South Shaffer street.

Mr. and Mrs. Daniel Golder, who have had rooms on Halesworth street for the past month, have returned to their home at Riverside.

Mrs. J. B. Cox and Miss Mary Cox went to Huntington Beach this morning to participate in the day's festivities. They will be joined by Mr. Cox in time for the entertainment this evening.

Mrs. E. S. Nealley returned Friday of last week from a two months' visit in Clark, Neb., with her mother, Mrs. Charles Beardsley.

Mr. and Mrs. Frank Todd have returned from a four days' stay on Catalina Island.

Mrs. Heberly of Pasadena returned to her home yesterday after a pleasant two days' visit to Mrs. Margaret Maynard of this city.

Mrs. A. Merigold of Tustin is enjoying a week's outing at Catalina Island.

Mr. and Mrs. J. N. Martin were among those participating in the G. A. R. festivities at Huntington Beach today.

Pope Hill, who is with the electric company of San Bernardino, is in Santa Ana for a few days, visiting relatives and friends.

### Card of Thanks

We wish to express our heartfelt thanks to the many friends who extended words of kindness and sympathy during the sickness of Juanita. We are also grateful for the beautiful flowers and expressions of love and sympathy at the time of her death and burial. They are a help to us in our great loss.

MR. and MRS. CHAS. METZGAR and family.

One of the buildings is being erected at the George Junior Republic and will add a complement of three rooms to the present facilities. It will cost \$3123. The second building will be used in connection with the Chino high school and is being built at a cost of \$8500. Fixtures will be installed at a cost of \$1500.

### INTENSIVE CULTIVATION BRINGS GREAT RESULTS

SAN BERNARDINO, Aug. 20.—By scientific rotation of crops, the management of the Southern California Hospital for the Insane at Patton has harvested 350 tons of feed from six acres of land since May 1. Grain, corn and stock feeds made up the crop. The results are so satisfactory that the process will be continued.

## QUESTION OF WHAT IS ENGLISH SPARROW

RIVERSIDE, Aug. 20.—"What is an English sparrow?" asked Chief of Police P. M. Coburn Monday morning. None could answer satisfactorily. Accordingly the chief announced that he would pay no more bounty money until some one speaking with authority should define the pest alleged to have invaded the city.

One boy riflemen brought in seventeen birds. "We don't want them," announced the chief. "We are liable to be fined for having killed tree sparrows." The boy expected enough money for a trip to the beach.

The authorities here are divided on the bird question, but the chief says he will stand pat on his decision, until he hears from state officials.

## DANDRUFF DISAPPEARS Scalp Itch Vanishes and Hair Quickly Stops Falling

PARISIAN Sage—remember the name when you want a good pure hair tonic free from dangerous lead and other dyes.

PARISIAN Sage is not a dye. Most tonics that dye the hair are full of poison and are dangerous to use.

PARISIAN Sage is a clean delightful hair dressing that nourishes the hair roots and besides killing the dandruff germs imparts life and beauty into the hair. Your hair will look nice and brilliant after applying PARISIAN Sage and you can quickly get rid of dandruff and scalp itch and stop the hair from falling. Avoid imitations—get the genuine. The girl with the Auburn hair is on every bottle and carton. Large bottles 50 cents at the Rowley Drug Company and dealers everywhere.

**Funeral of Juanita Metzgar**  
Yesterday afternoon at 2 o'clock, the last sad rites were performed at Smith's chapel for Miss Juanita Metzgar, whose death brought a beautiful life to an end.

Juanita Charlotte Metzgar was born at Mamont, Westmoreland county, Pennsylvania, December 8, 1895. On July 4, 1907, she joined the Presbyterian church, in which she remained a faithful member throughout her life. At the time of passing away, she was in Mrs. E. B. Norman's Teacher Training class of the First Presbyterian church, and the other young ladies of the class acted as pallbearers yesterday. They wore white dresses and carried large bouquets of pink amaryllis, which were later placed on the casket. They were: Helen McKean, Marie Thomas, Florence Miller, Christine Schenck, Georgia Smith, Jessie Piles, Gertrude Roper and Edith Higgins.

Rev. J. A. Stevenson of the First Presbyterian church and charge of the services and with tender words of sympathy brought comfort to the bereaved family and friends. Miss Winifred Huser sang "Face to Face," and Misses Hazel Rowley and Winifred Huser sang a duet, "The Lord Is My Shepherd," the latter being Juanita's favorite hymn.

The quantities of flowers and beautiful floral pieces were testimony to the esteem and love in which the young girl had been held by all those who came in contact with her, whether in church, school or her school life, and had been attracted by her sweet disposition and lovable ways. Among the floral pieces were a pillow of pink carnations with S.A.H.S. in red letters, from the high school; a wreath of white carnations from the Christian Endeavor, bouquets of amaryllis from the Sunday school for the pallbearers, pink carnations from the McKinley school, class of 1911, Young People's Branch of the W.C.T.U., Royal Neighbors of America, and the Intermediate Christian Endeavor.

Juanita was a sophomore in the Santa Ana high school until Easter of this year, at which time her heart failed and her parents thought it best to keep her at home. Because of her unusual beauty she was twice chosen as a page to the queen of the Carnival of Products.

Velvet waists are being manufactured and these are generally combined with chiffon that is embroidered in colored silks. Many vest effects are seen on the new models, and these have small buttons on them as trimmings.

Russian blouse effects still hold good and the new models show as a variety the Robespierre collar. Striped materials combined with plain or with laces are also represented in the new collections.

Braided effects are strong for silk, serge, velvet and broadcloth waists.

Besides all white pleated waists the Swiss manufacturers are producing a novelty in black and white embroidered effects.

Lace and net waists in white or ecru have long pleated waists that are often bound with colored silk. In fact, a touch of color is seen on many waists and is generally confined to the embroidery.—Dry Goods.

**Wisdom of the Unwed**  
(Whittier Letter to His Publisher.)  
Bachelor as I am, I congratulate thee on thy escape from single (misery!) blessedness. It is the wisest thing thou ever did. Were I autocrat, I would see to it that every young man over 25 and every young woman over 20 was married without delay. Perhaps, on second thought, it might be well to keep one old maid and one old bachelor in each town, by way of warning, just as the Spartans did their drunken helots.

**World's Tallest Trees**  
Australia claims to have the tallest trees in the world. An Australian gum tree, found prostrate, near Healesville measures 480 feet in length. There are several trees standing in that locality which have attained a height of 415 feet. The tallest tree ever discovered in California measured 340 feet in height.

## COLLIE GIVES LIFE FOR YOUTHFUL MASTER

VENICE, Aug. 20.—A pet collie dog belonging to Alfred Semmacher, aged 8, residing on Twelfth street, today gave up its own life in order that its master might be spared. The dog has been the constant playmate of young Semmacher and his two small brothers for almost a year.

This afternoon Alfred was at the public library, and started to cross the street, not noticing an approaching car bound from Sawtelle to Santa Monica. The boy was almost directly in front of the car when the motorist noticed him on the track and, although he made a frantic effort to stop the car, was unable to do so.

The dog seemed to realize the danger to its young master, and running forward, literally pushed the boy to one side out of harm's way. The dog was traveling so fast that it was unable to stop and was caught by the fender of the car and hurled fully fifteen feet. The animal was killed instantly.

**"The Lost Chord"**  
Perhaps the most successful song of modern times is "The Lost Chord," whose sale in Great Britain has exceeded 250,000 copies. The story of its composition, as told by Mr. Willby in his "Masters of English Music," illustrates that in art, as in statesmanship, success came to those— "Who know the seasons when to take occasion by the hand."

For nearly three weeks Arthur Seymour Sullivan had watched by the bedside of a dying brother. One night when the end was not far off and his brother was sleeping he chanced to come across some verse of Adelaide Proctor's which five years before he had tried in vain to set to music.

In the silence of that night watch he read them over again, and almost instantly their musical expression was conceived. A stray sheet of music paper was at hand, and he began to write. The music grew, and he worked on, delighted to be helped while away the hours of watching. As he progressed he felt sure the music was what he had sought for and failed to find on the occasion of his first attempt to set the words. In a short time it was complete and not long after in the publisher's hands.

**A Beautiful Chinese Lake**  
"China gave me many a shock," said the returned traveler, "but the one that nearly carried me off was administered in the Fuchau district. Out in the country I came across a beautiful little lake drained by a beautiful little river. The scenery was marred somewhat, however, by signs stuck up every few yards at the edge of the lake. I wondered what their import was, and on one of my trips to the lake I took a missionary along to translate. 'Oh, that,' said he, 'There are not many of them left in this district. That is a warning that 'Girls Just Not Be Drowned in This Lake.' Somehow I could never admire my beautiful lake so much after that, although, maybe, I ought to have admired it more."

**Health Epigrams**  
(From the Kansas City Journal.)  
On the front page of the bulletin issued by the Kansas state board of health each month, Secretary S. J. Crumrine has a number of health epigrams. The last bulletin had these: Our great enemy is fatigue. Deliberately means poverty. For the sixth season we remark—swat the fly.

He who lacks vitality cannot best fight life's battles.

We could better rear most of the children we are burying.

Preventable ignorance is the cause of most of the preventable disease.

We need less protection of infant industries and more protection of infants.

Since it has been demonstrated what fresh and pure air will do for the sick, why not try it on the well?

It is impossible to develop indoors under glass a sturdy race of men and women.—Luther Burbank.

Methods for the prevention of disease can only be understood by a knowledge of the cause of disease. The discovery of cause of disease is now receiving as much attention as the search for the cure of disease.

### Fallen From High Estate

Man has wandered so far away from the path of rectitude in diet that he has lost his instinctive guide. His sense of smell is nearly gone. His taste is perverted. He has lost his "horse sense," or monkey sense, and is left to wander in a wilderness of ignorance and disease. His only hope seems to be to sit humbly at the feet of a wise ape and learn the difference between food and poisons.—Good Health.

## YANCY TO ANSWER CHARGE IN NORTH

Los Angeles Examiner: J. C. Yancy will today be ordered by Federal Judge Wellborn to go to San Francisco and answer to a contempt charge. The court announced at the close of arguments yesterday afternoon that he would make the formal order dismissing the application for a writ of habeas corpus this morning. Yancy refused to answer a subpoena issued out of the Federal Court of the Northern District in a suit involving some oil properties in which he has an interest. The court delayed making the order on account of an intimation that an appeal would be taken. Assistant United States Attorney Edward A. Regan represented the Government in the argument.

### STATE SHOWS RAPID INCREASE IN POPULATION

SACRAMENTO, Aug. 20.—The rapid stride in population made by California since the taking of the Federal census in 1910 is revealed by school reports to Superintendent Hyatt for the year just closed.

On the basis of average daily attendance of school children in the elementary and high schools of the state, which shows a striking educational growth, the estimated population of California during the last school year was 2,677,046.

This is an increase of nearly 300,000 over the census of 1910, given as 2,377,549.

### May Suspend New Freight Rates

WASHINGTON, Aug. 20.—Because of the vigorous protests of eastern manufacturers and Pacific coast shippers, it is believed the proposed new transcontinental freight rates effective September 2 will be suspended by the Interstate Commerce Commission. Inquiry is proposed into increases on certain commodities.

"MAKING GOOD"

## FINANCIALLY

People are said to "make good" in a financial way when they apply that wisdom in administering their incomes which enables them to lay up something.

You will never make good financially as long as you spend all you earn. You will begin to make good when you make a start as a money saver.

Why not begin now with a savings account with THE HOME SAVINGS BANK OF SANTA ANA, which pays 4 per cent interest annually, and is affiliated with and under the same conservative management as

You will find all sizes of GARBAGE CANS. We notice that the Health Department of our town has discovered that too much decaying and offensive stuff is allowed to accumulate at the "Back Door" and as it is our business to make and sell galvanized iron garbage cans and we want everybody that needs such an article to know it, that's why we ask the printer to tell it.

We have a good stock of galvanized corrugated roofing and two car loads to arrive. We handle only the heavier grade and we sell it below the Los Angeles market.

For anything in the line of hardware, stoves, tinware, galvanized iron ware, plumbing goods and every other thing that should be kept in a hardware store and tinshop. See

## MONROVIA TO HAVE \$25,000 POSTOFFICE

MONROVIA, Aug. 20.—Monrovia will have a new \$25,000 postoffice. Postmaster Anson received information from the Department at Washington through Inspector Wilson yesterday that the Bachert property had been accepted and authorized contract closed.

This means a modern two-story brick and concrete structure at Palm and Myrtle avenues opposite the city hall. Architect A. H. Meier has been instructed to prepare drawings and blue prints promptly, and work will begin within four weeks. The new building will be ready for occupancy January 1.

## LOS ANGELES PRODUCE MARKET

The potato market showed the first signs of reacting to a higher level after weeks of low prices and superabundant stock. The local spuds are beginning to fall off in the size of arrivals and consequently the market is growing more firm. Some of the dealers were asking up to \$1 per hundred, but on the street they are selling in quantities at 80 cents. Receipts of potatoes from other sections of the state are on the increase and there is little danger of a very high market on the product for some months to come. The northern spuds are selling on the street at \$1 to \$1.15, according to quality. Total arrivals yesterday were 2331 sacks. In staples, outside of potatoes, the market was rather quiet and prices were generally steady. Egg receipts were 307 cases and the market price on extra grade remained at 32 cents a dozen. Several sales were reported on the street at 30 cents, indicating only fair strength on the market. In San Francisco candied stock was quoted at 29 yesterday.

The butter market held unchanged with the same price in the north on creamery extra as that here, 32½ cents a pound. The Chicago market showed a decline to 24 cents, and New York was quoted at 26½. Receipts of butter were heavy, 69,985 pounds coming in.

There were no changes in cheese, a very light demand for any of the varieties listed and receipts of 3390 lbs. Only four sacks of onions were received. Sweet potato arrivals totaled twenty sacks and prices were steady. Several new varieties of apples were reported in, among them Skinner's Seedless and Blenheimers. The best price on these was \$1.25 per box and quotations on all other grades were down. Alexanders and Gravensteins were both quoted at \$1.25 on four-tier stock and 1.15 on smaller sizes. Other fruits were plentiful and values were unchanged since last Saturday. Cauliflower and celery were more plentiful on the vegetable market and down fractionally. Other vegetables and bunch goods moved well.

## CITY ATTORNEY AND M'PHEE CLASH

(Continued from page one)

lately no confidence in the city attorney's legal opinions and that it will take his advice on nothing."

"I know that is your opinion," fired the city attorney.

"You bet your life it is," replied McPhee.

"I don't care a darn what you think," said Heathman.

With that the round closed, and the board proceeded to other business.

**Poolroom Licenses**

The city clerk read a proposed amendment to the license ordinance which would take the issuance of all licenses from the marshal and city clerk and put it in the hands of the City Trustees.

McPhee said that he has asked to have the amendment drawn for the reason that at the present time the marshal and clerk may issue a license to any man for a poolroom. He said he thought careful inquiry should be made before a license for a poolroom is issued to any person.

"We have poolrooms enough now. One that we did have gave our police considerable trouble."

Grubb wanted to know if the fact that there are poolrooms enough now had any weight. McPhee said it did with him. Grubb said he did not see how the city could discriminate in that way, if a hundred men of good character came for licenses they ought to have them.

McPhee: "I am told that Walter Congdon's garage is being closed and a Los Angeles man proposes to put in a big poolroom and bowling alley at that place. I don't see why we should be at the mercy of anyone who wants to put up \$3 a quarter license. I don't know this man. He may be all right. We just had a man it took us six years to get rid of. I am not a prohibitionist. I have been in a good many towns from Maine to California, and I never saw a prohibition town that was entirely dry. I don't hope to make Santa Ana entirely dry, but under my oath of office and as a member of the police committee we must do what we can. I do hope to keep it from slopping over and running down the streets. This movement to leave poolroom licenses to the City Trustees for investigation is a step in the right direction."

Alderman said that the amendment proposed referred to licenses to the trustees, which he did not think worth while. He thought the city attorney could draw up an amendment that would refer only poolroom and billiard hall licenses to the trustees.

Heathman said the amendment as he had drawn it was unconstitutional.

McPhee agreed to that, and said it should be understood that the marshal and clerk issue no licenses until the matter is decided.

Greenleaf put this suggestion into the form of a motion, and it carried.

As an instance of what kind of a man might ask for licenses, McPhee said that some time ago a Mexican run out of Watts came here and was about to get a license when McPhee found out about it and put a quietus to the plan.

## IN THE JUSTICE COURT

### DECLARE FORD IS TRUE NAME

Preliminary Hearings of Two  
Check-Kiters is Set Down  
For August 29

Declaring their true names to be Susannah Ford and R. S. Ford, the young woman and young man who were arrested Sunday night for passing worthless checks were arraigned in Justice Cox's court this morning.

The couple were brought in by Constable Jackson and City Marshal Jernigan.

The complaints were read, one charging the two with passing a \$25 check upon J. T. Wilson, through whose efforts the couple were arrested, and the other charging them with passing a forged check for \$25 upon C. D. McAllister of the Rutgers.

"Grace Smith and Ralph Smith—are these your true names?" asked the justice.

"I go by the name of Grace Smith," replied the girl. "My true name is Susannah Ford."

The preliminary examinations were set for Aug. 29. Attorney H. C. Head appeared as attorney for Mrs. Ford. In each case, the bail of each of the defendants was fixed at \$1000.

The girl was accompanied to and from the courtroom by her father, T. M. Gilmore, whose name was forged to the various checks passed here.

The girl, apparently high spirited, has not a hard-looking face, but rather the opposite. She seemed to be at high tension. Ford is dressed rather cheaply, and the only thing about him that reminds one of the claim he made to being a theatrical man was his elaborate shock of hair.

Another Warrant

Today City Marshal Jernigan swore to a third complaint for peace disturbance as the result of the Saturday night altercation in which Motorcycle Officer Lambert was the object of abusive language. Warrants were issued yesterday for the arrests of Roy Angie, who drove the automobile that was speeding, and Frank Musselman, owner of the automobile. Today a warrant was issued for V. E. Peckham, who is charged with joining in the abuse.

**Trial Before Jury**

Ben Leclago is on trial in the justice's court today on a charge of carrying a concealed weapon. Attorney Green of Los Angeles is defending him, and Deputy District Attorney Koepke is prosecuting. Several witnesses have been called who saw Leclago with a revolver.

## SANTA FE COMPANY SQUATS ON RIGHT-OF-WAY

SAN DIEGO, Aug. 20.—Squatters in the employ of the Santa Fe Railroad yesterday began posting notices along the grade and right-of-way of the proposed Kerkhof-Kellar Railroad, between this city and Delmar, warning trespassers that the company had taken possession of the property. Several years ago the Kerkhof & Kellar Company secured a right-of-way for a railroad to Delmar. On this a franchise was granted by the city, four miles of track were laid and a surety bond of \$50,000 deposited with the city to insure completion of the line. Afterward the rails were pulled up and the road apparently abandoned. Sued by the city to recover on the bond is now pending in Los Angeles courts.

S. C. Payson, local agent for the Santa Fe, says the action of yesterday was taken by the Los Angeles office and he does not know its meaning. It is believed, however, that it will result in additional litigation.

**PINNED UNDER AUTO; BEGGED HUSBAND TO SHOOT HER**

PETALUMA, Cal., Aug. 20.—With death but ten minutes distant, Mrs. E. W. Mason, wife of the secretary of the Conanga Oil Company, lay in the road beside her overturned automobile this morning and begged her husband to end her unbearable agony by shooting her. Ten minutes later death relieved her.

About a mile and a half south of Petaluma, at a spot known as the Haystacks, Mason lost control of his car, which veered to the side of the road and, dropping into the ditch, was overturned.

Mr. and Mrs. Mason were both pinned under the car. The wife was helpless, but Mason could reach his horn with one hand. Helpless to aid his dying wife, he lay beside her and honked, honked, honked for help.

**LOS ANGELES WOMEN**

**WILL JOIN CRUSADE**

LOS ANGELES, Aug. 20.—The crusade started by the W.C.T.U. in Chicago against so-called "modern tendencies," smoking, "nipping," mixed bathing, peek-a-boo waists, tight dresses and extremes in dressing had already been discussed many times at the W.C.T.U. in Los Angeles, according to statements made by local members yesterday.

The matter was taken up less than two weeks ago by Mrs. Emma Cash, in her address before the local W.C.T.U. the subject, "Why Girls Go Wrong."

Mrs. C. H. Noll, state corresponding secretary of the W.C.T.U., when shown the article yesterday, said:

"I do not think there is any doubt but that the California branch will endorse the action of the Chicago W.C.T.U., but whether it will actively co-operate can only be decided after it has been taken up and discussed before the official board meeting, consisting of the general officers and the county presidents, which meets September 6, and the meeting of the state executives, which will have an all-day session on September 7. If any steps are taken it will be after the matter has been presented and considered by these bodies."

"Personally, I think it is a step in the right direction. Dress has become an absorbing passion with many girls and women. One has only to stand at the door of some large office building at noon, or watch the girls going to and from the high school or grammar schools. Whether they can afford it or not, most of these girls are dressed as though for an afternoon reception, instead of business offices or for the school room."

**ROCKEFELLER JOINS ANTI-FLY CRUSADE**

CLEVELAND, Aug. 20.—John D. Rockefeller III entered the lists against the fly. From his secretary, H. D. Sims, a letter came to Dr. C. Ford of the health office, yesterday, saying that a check for \$250 would be sent immediately. Mr. Rockefeller told the collectors that if they succeeded in raising \$1750 he would fill out the fund to \$2000. The fund reached the \$1750 mark. Then John D. wrote: "Swat the fly. I'll send the \$250." He sent a check for only \$25 to Fred Caley of the Auto Club last week toward the orphan-saving fund.

**SANTA FE FREIGHT TRAIN WRECKED IN CAJON PASS**

SAN BERNARDINO, Aug. 20.—Twenty-seven freight cars were piled in a heap, blocked the Santa Fe main line eastward out of this city for fourteen hours and No. 18, Santa Fe Phoenix express, narrowly escaped a disastrous collision when a freight broke at Keenbrook, in the Cajon Pass, last Sunday night. Only the alertness of the engineer of the passenger train saved the express.

The string of cars dashed down the grade and jumped the track on the sharp curve near Devore. No. 18 backed around the curve just as the runaways left the rails. None of the crew happened to be on the cars when they got away.

**CANDIDATES FAIL TO SIGN SENATORIAL PLEDGE**

SACRAMENTO, Aug. 20.—Twenty-nine of the eighty candidates for nominations at the September primaries for state senator have not signed either the statement pledging themselves to abide by the vote of the people for United States senator or the one announcing that they will consider the people's vote merely advisory and not binding. Fifty of the senatorial candidates have signed the first statement, binding themselves to the choice of the people, and one has signed the second statement, asserting that he will consider the people's vote merely advisory. State senators elected this year will be "hold-overs" at the session of 1915 when the next United States senator will be chosen.

Fall term begins Sept. 2nd at Orange County Business College.

## AT THE COURTHOUSE

### TELLS STORY TO THE JURY

Girl Against Whom Wrong is  
Alleged to Have Been Committed on Stand Today

The jury in the Macdonald case was completed yesterday afternoon about 4 o'clock, at which time court adjourned until this morning at 10 o'clock. The twelve men trying the ex-school principal are J. O. Harper, Charles P. Marshall, S. W. Sutton, Peter Goddicksen, E. E. Beasley, G. W. Guynn, Samuel Dungan, John Leard, D. A. Bear, J. Schumacher, J. J. Feagan and W. J. Althaver.

This morning Helen Hambleton, aged 14, went on the witness stand in the superior court and told the story, which when told last May, brought forth a felony charge against R. C. Macdonald, then principal of the McKinley school of Santa Ana. She declared that on the morning of Sunday, May 14, she went into a drug store and called up Macdonald on the telephone, and then went to his home on South Main street, where she says she remained for an hour. It was at his home that the wrong is alleged to have occurred.

The girl was put through a severe cross-examination by Attorney Epstein of San Francisco, who with Attorney Clyde Bishop of Santa Ana is defending Macdonald. Many of Epstein's questions were objected to by District Attorney West, whose objections were often sustained by Judge Cole of Imperial county, before whom the case is being tried.

All of those who are witnesses in the case were excluded from the courtroom.

**Final Decree Given**

A final decree of divorce was signed today in favor of Minnie M. Bentz against Ernest L. Bentz. Tipton & Callor of Anaheim were attorneys for the plaintiff.

**Names Deputy**

Constable G. L. Jackson of Orange township has appointed A. E. Hillier as a deputy constable.

**Is a Citizen**

Citizenship papers were given today to Antoinette Cyprien after an examination conducted by Judge Cole. Witnesses who had known Cyprien for over ten years were James Sleep-er and D. N. Kelly.

West Orange Citizens Make Complaint to Officials Who Will Investigate

Complaint has been made to County Health Officer Wehrly by citizens of West Orange to the effect that the Orange sewer farm and manholes are responsible for an odor to which the residents of that section seriously object. It is stated that the disagreeable odors are more noticeable in the evenings when there is no breeze.

The county health officer expects to make an inspection of the sewer farm and the manholes. Yesterday a delegation of West Orange citizens visited county officials in connection with their complaint.

The Orange sewer farm is located on the Santa Ana river at a point almost due west of the old West Orange school house.

The Orange street superintendent stated today that the situation would soon be remedied. The sewage had been turned from a cornfield, whence the odor arises, and turned into the river bed. As soon as the cornfield dries off the odor will cease.
